### Specific Details of Enquiry Outcomes Achieved

- Relevant information relating to DTET was provided for enquiries regarding apprenticeships, funding eligibility, financial support.
- Enquiries regarding various training courses were provided with a link to the Skills Gateway so they could search for RTOs who deliver training in the interested industry and see which RTOs provide subsidised training.
- Enquiry regarding an RTO that had gone into liquidation was provided with contact details for the appointed administrator. A link to the Skills Gateway was also provided.

## Case Studies

### Delays in qualification being issued

The Complaint	Resolution
<p>The complainant was enrolled in a Diploma of Early Childhood Education and Care and was experiencing issues regarding significant and unjustified delays in the marking of her assessments and finalisation of her qualification.</p>	<p>The RTO completed the marking process and issued the diploma certificate.</p> <p><i>I truly appreciate the support and professionalism shown by your office. I believe that my college responded only after I contacted your organisation, which demonstrates how important and effective your service is for students who struggle to have their concerns addressed.</i></p> <p><i>Thank you once again for your assistance. I hope more students who face similar challenges become aware of the valuable role the Queensland Training Ombudsman plays in supporting fair and timely outcomes in vocational education.</i></p>

### Request for cancellation of enrolment and refund of fees paid

The Complaint	Resolution
<p>The complainant was enrolled in a Real Estate course and experienced a significant deterioration in his mental health preventing him from completing the course. The complainant was seeking to cancel the course and receive a full refund of fees paid.</p>	<p>OQTO contacted the training organisation and discussed the issues relating to withdrawal due to medical issues. They eventually agreed to provide a full refund of fees paid.</p> <p><i>I am happy to receive the full refund as I believed this would not have happened without the intervention of your Office.</i></p>

### Complainant unable to complete course due to restrictions by placement facility

The Complaint	Resolution
<p>The complainant was enrolled in a Certificate III in Early Childhood Education and Care. She could not complete her placement as her employer at the facility would not allow videotaping of her work to provide evidence of her competency. Despite several suggestions made, the RTO was firm on its requirement for taping the evidence.</p>	<p>OQTO contacted the RTO and discussed the issues. The RTO stated they were required to obtain evidence of the student's skills and, as she was an online student, there was no other way to obtain the evidence required. OQTO was able to produce documents from ASQA and the Jobs and Skills Council specifying the assessment requirements especially concerning direct observation. The RTO subsequently made the necessary arrangements for the assessor to visit the facility and the student completed the placement and received their qualification.</p> <p><i>Thank you so much. I'm really pleased with the outcome as I would still be in dispute with the RTO without the assistance you provided.</i></p>

### Stakeholder Engagement and Reviews

- Completed a review of VET delivery in Queensland broken down by Local Government Area.
- Attended DTET DDSW Reference Group Meeting.
- Continued liaison with DTET regarding implementation of previous review recommendations and Skills Gateway review.
- Review of Stage 1 and 2 SAS decisions when requested by an RTO.
